- Levels of supply

# Introduction to Marine Corps Supply

Ground Supply Officers Course

## Mission and Purpose

- Mission: To provide and manage items necessary for operations and maintenance for the Fleet Marine Force, supporting establishments, and the reserves
- Purpose: To provide support to Marines in combat and remain responsive to the operating, supporting and reserve forces.

# Introduction to Marine Corps Supply

Ground Supply Officers Course

## Functions of Supply

- The six sub-functions of supply:
  - Determine requirements
  - Procurement
  - Storage
  - Distribution
  - Salvage
  - Disposal

# Introduction to Marine Corps Supply

Ground Supply Officers Course

## Phases and Classes of Supply

- There are two phases of supply:
  - Producer Phase – determines procurement schedules to the acceptance of received supplies.
  - Consumer Phase – extends from receipt of supplies to issue and consumption for use.
- The ten classes of supply are items necessary for the maintenance and operation of a military command.

# Introduction to Marine Corps Supply

Ground Supply Officers Course
